

COUNTY OF ANDROSCOGGIN

Information and Technology Job Description

TITLE: Information Technology Director (I.T.)

Salary - \$44,000

NON-EXEMPT POSITION

REPORTS TO: County Administrator

Scope:

The Information Technology Director manages and provides support, system and network administration for all County technology. Initiates technology research, drafts specifications for department RFPs, and helps to present technology costs for budgeting. The duties of the I.T. Director also require user level and systems support (i.e.: makes repairs to technology equipment, work station computers, printers and peripheral, maintains and updates the County's websites and the E-Mail system). Manages and maintains the County servers, firewalls, back up and replication, VOIP and Fax systems.

QUALIFICATIONS:

1. Degree, Certificate, or course studies in Computer Science with a minimum of two years related experience
2. Experience with VMware ESXI, server 2008, 2012, 2012 R2
3. HTML, CSS and website programming
4. LAN/WAN network administration-security
5. Advanced knowledge of Windows 2007 and Windows 10 Pro, Microsoft Office 2013, anti-virus and intrusion detection systems
6. Familiar with managing PBX, VOIP telephone systems, preferably MITEL
7. Familiar with regulations pertaining to FOIA, HIPPA, PCI, and PII compliance and reporting
8. Valid driver's License
9. Ability to pass a background check.
10. Good communication skills to interact with the departments in a public building
11. A keen sense for detail and security when working on systems
12. Ability to work independently and make accurate decisions

13. Maintain strict confidentiality

14. Such alternatives to the above qualifications as the Commissioners may find appropriate and acceptable
